

The Partner Tech PT-8800 terminal has been designed specifically for CPU intensive retail and hospitality applications based upon the requirements of hundreds of retailers and independent software vendors around the world. The technical specifications and esthetically pleasing case work combine to set a new standard for All-In-One POS. Intended to operate with today's and tomorrow's most requested peripherals, the PT-8800 offers 4 RS-232 com ports to protect retailers' legacy peripherals and 2 powered USB ports to allow operation of peripherals directly from the PT-8800 without external power supplies.

Technical Specification

Processor	Celeron 2.0Ghz up to Intel Pentium IV 2.6Ghz
System Memory	512M DDR 400/533 Mhz support up to 2GB
LCD	15" Active TFT color
Resolution	1024 x 768
Brightness	350 nit
Viewing Angle	20° ~ 45° tilt
Touch Screen	ELO 5-wire resistive, Optional capacitive
Network	Ethernet 10/100/1000
Storage	40G hard drive
Expansion Options	<ul style="list-style-type: none"> • 2nd 80G hard drive • 1 PCI slot • Compact flash card socket, IDE interface
Power Supply	220W power supply
Card Reader	Dual track magnetic reader
Speaker	Two 3W speakers
IO Ports	<ul style="list-style-type: none"> • 4 D-sub 9 RS232 ports provide +5V/12V through jumper free BIOS setting • 1 parallel port • 1 PS/2 KB • 1 PS/2 mouse • 2 USB 2.0 ports in front • 2 Powered USB ports in rear • 1 DB-15 VGA port • 1 RJ 45 LAN port • 1 RJ11 24Vdc cash drawer port supports two cash drawers • 2 Audio ports (1 line out, 1 MIC-in)
Operating Systems	Win98/2000/ME/XP/XPe/WEPOS/Linux
Peripherals	<ul style="list-style-type: none"> • Three track magnetic reader • 20 x 2 VFD customer display • Secondary 15" TFT LCD with or without touch • USB interface smart card • Finger print reader
Temperature	Operating: 0°C ~ 40°C, Storage: -20°C ~ 60°C
Dimension	13.54" W x 13.7" D x 17.13" H
Weight	Gross 29.7lbs
